Boarding School in the Southern States FOR BOYS AND YOUNG MEN.

This School has all the Advantages of a College with None of its Disadvantages.

The Summerville Institute is patronized by the first Men of the South. THIS old and highly useful and popular

SCHOOL OF MEDICINE. Institution enlarged, refitted and re-fur-ished, and having the ablest corps of Teachrs ever brought together in this country, will iter upon its Fourteenth Session on WARREN BRICKELL, M. D., Professor of Obstetrics and Diseases of Women, etc.

The Principal has associated with him in he School, John M. Puttick, A. M., W. R. Arkpatrick, A. M., and Mr. T. J. Williams; Prof. P. E. Holmes gives instruction in Music very day with commendable zeal and ability The School is situated in a high, salubrious egion, known as the "Mountains," eleven les from Shuqualak, on the Mobile and Ohio oad, and is almost the only School, of its grade, that went through the war. Since the surrender, large additions have been made to he buildings, and the term closing June 30th s the most prosperous and useful one known in the history of the School, successful as it has always been. Every branch of Mathe-

maties, pure and mixed, including Chair of Chemistry will be filled at an early Civil Engineering and Practical Field Operations W. S. MITCHELL, M. D. Adjunct Professor of Anatomy and special Lecturer on Ophthal-mic Surgery and Diseases of the Eye. Jos. Holt, M. D., Assistant to the Chair of with a splendid equipment, is taught with the very tirst ability. The classics and the French inguage form an important feature in the regular course of study. All the English branches are ably and forcibly taught, including the Natural Sciences, illustrated by a complete apparatus. In short, the greatest care is taken with the training of all boys, at any stage of their education. Young men are carefully prepared for any particular calling in life, or o enter any class in any University. The ok-Keeping Course here, is as good as any

of large experience and proved efficiency. Its friends and patrons, to whom its high charac-ter, before the war, was known, may be as-

but now, as heretofore, stands second to none in the thoroughness of its discipline and instruction. For the truth of this declaration,

je20d6m. tened with as much facility, both in the country pressing and the re-compressing at the sea ports; lessons immensely the risk from fire; is stronger, and its strength is not impaired by time and exposure as is that of rope. This hast advantage has beed strikingly manifested during the war. Thousands of bales of Cotton have been lost by the rotting and breaking of Rope which could have been preserved if Iron hoops had been used. In addition to this, it can be furnished cheaper than Rope. The derangement of labor in the hemp growing States has reduced the supply of hemp to such an extent as to cause prices to rule unprecedently high; indeed a sufficiency for baling a moderate cotton crop, cannot be relied on at any price.

I have arranged for the importation of a large quantity of the best English Iron, and have made arrangements with Messra. Chambers & Latting for the sale and delivery of my Ties.

The undersigned, Fire Warden and Fire Inspector of the New Orleans Insurance Companies, are of opinion that the Iron Tie affords greater protectif against loss in case of fire than the old style of half with rope.

ALFRED BELANGER,
Ex-Chief Engineer, Fire Department. SHIP REFUGE, NEW ORLEANS, July 7, 1859. mann, Esq., Orleans Cotton Press:

H. Fasmann, Esq., Orleans Cotton Press:

Siz. In-January last I received from your Press 1080 bales of cotton, of which about 1000 were recompressed and bound with your new "Iron Tie." I can safely affirm that the cotton so bound was received in better order than it generally comes from the Presses, that it stowed better, and enabled the ship to carry more than on any previous voyage!

The cotton when discharged from the ship in Liverpool, was in better order than the rope bound cotton; it is highly preferable for a ground tier, as dampness from the ballast has no effect upon it, for it is well known by practical men that dampness will rot the rupe bound. I can confidently recommend your "Iron Tie," as I took this lot for an experiment and carefully watched it both in loading and discharging.
